

Accuplacer Score Transfer

Bowling Green State University

BGSU will transfer Accuplacer scores to any institution. The students need to email ccplus@bgsu.edu from their BGSU email account and provide the contact information on where they would like their scores sent (email address & name of the person we are sending the scores to), there is no cost to send the scores.

BGSU will accept scores sent to us from elsewhere, but only if it comes directly from an institution, these can be sent to ccplus@bgsu.edu .

If a student hasn't earned qualifying scores and plans to take BGSU CCP, BGSU recommends that they sign up to take the Accuplacer with us because we will get the scores as soon as the student has taken the test and can process their BGSU application faster.
